

# MEMORANDUM OF AGREEMENT

## FOR THE PILOT IMPLEMENTATION, ONBOARDING, SUBSCRIPTION, AND USE OF VOUCH

This **Memorandum of Agreement (MOA)** is entered into this \_\_\_\_ day of \_\_\_\_\_, 2026, by and between:

**VOUCH SOFTTECH SERVICES**, a software development startup represented by **Jeslito G. Geverola**, Founder and Lead Developer, hereinafter referred to as the “**Service Provider**”;

-and-

**FACULTY OF CRIMINOLOGY JUSTICE EDUCATION STUDENT ORGANIZATION (FCJESO)**, represented by its duly authorized President and Faculty Adviser, hereinafter referred to as the “**Client Organization**.”

The Service Provider and the Client Organization shall collectively be referred to as the “**Parties**.”

---

## ARTICLE I

### PURPOSE OF THE AGREEMENT

This Agreement establishes the terms and conditions for the **pilot implementation, evaluation, onboarding, subscription, and use of Vouch**, a digital platform developed and operated by Vouch SoftTech Services.

Vouch is designed to support both **student organizations and individual students**.

For **Organizations/Officers of the Student Organization**, Vouch provides digital tools for:

- Member management;
- Officer management;
- Event management;
- QR-based attendance;
- Offline QR attendance;

- Attendance monitoring;
- Activity clearance;
- Excuse requests;
- Sanctions and compliance;
- Organization fees and collection monitoring;
- Announcements;
- Organization information;
- Notifications; and
- Other related organizational administrative functions.

For **Students**, Vouch provides a **Personal Hub** that may be used on a daily basis to manage:

- Tasks;
- Personal and academic schedules;
- Calendar;
- Schedule reminders and notifications;
- Organization activities;
- Event notifications; and
- Other academic and organizational responsibilities.

Through the Personal Hub, Vouch is intended to provide students with a centralized platform that they can use **not only during organizational events, but as part of their everyday student activities**.

The initial implementation shall include a **one-event trial during the Panaghigalaay event**, allowing FCJESO to assess the usefulness, usability, reliability, and suitability of Vouch for its organizational operations.

---

## ARTICLE II

### PILOT IMPLEMENTATION

#### Section 1. Pilot Event

The Service Provider shall provide the Client Organization with a **one (1) event trial** of Vouch.

**Pilot Event:** Panaghigalaay

The pilot shall allow FCJESO to evaluate Vouch in an actual organizational event environment.

#### Section 2. Pilot Features

Subject to the features available in the current version of Vouch, the Client Organization may utilize features including:

1. QR Code Attendance;
2. Offline QR Code Attendance;
3. Event Management;
4. Member Management;
5. Organization Workspace;
6. Officer Workspace;
7. Personal Hub;
8. Announcements;
9. Attendance Records;
10. Activity Clearance;
11. Excuse Requests;
12. Sanctions and Compliance;
13. Organization Fees and Collection Monitoring; and
14. Other features made available by the Service Provider for the pilot.

### **Section 3. Pilot Evaluation**

Following the Panaghigalaay event, the Client Organization shall have the opportunity to evaluate Vouch based on:

- Ease of use;
- Attendance scanning performance;
- Offline attendance capability;
- System reliability;
- Mobile application performance;
- Officer experience;
- Student experience;
- Event management;
- Personal Hub usability;
- System accessibility;
- Technical support;
- Overall usefulness; and
- Suitability for continued organizational use.

### **Section 4. No Automatic Subscription**

The Client Organization shall **not be automatically obligated** to subscribe to Vouch after the pilot event.

The decision to continue using Vouch shall be made by the Client Organization after evaluating the pilot implementation.

---

# ARTICLE III

## IMPLEMENTATION AND SUBSCRIPTION TIMELINE

The Parties agree to the following general implementation schedule:

### A. July — Complimentary Clearance and Preparation Period

July shall be provided as a **complimentary period at no subscription charge**.

This period is intended primarily for:

- Clearance activities;
- Activity clearance preparation;
- Mandatory event compliance;
- Attendance verification;
- Fee compliance;
- Sanction compliance;
- Excuse requests;
- Account preparation; and
- Other related organizational processes.

**Subscription fee for July: ₱0.00**

### B. August — Onboarding and Preparation Period

August shall serve as the **onboarding, configuration, preparation, and testing period** before the official launch.

During this period, the Service Provider may assist FCJESO with:

- Organization setup;
- Member registration;
- Officer assignment;
- User account preparation;
- System configuration;
- Feature orientation;
- User training;
- Android application testing;
- Technical preparation;
- Data preparation; and

- Final launch preparation.

August shall **not be counted as one of the ten (10) paid subscription months**, unless otherwise agreed upon in writing by the Parties.

### **C. September — Official Launch**

The Client Organization intends to officially launch and begin regular use of Vouch in **September**.

### **D. September to June — Paid Subscription**

The regular subscription shall consist of **ten (10) paid months**, beginning in September and continuing through June.

The subscription rate shall be:

**₱5.00 per active registered member of FCJESO per month.**

### **E. Overall Arrangement**

**July → Complimentary Clearance Period**

**August → Onboarding, Configuration & Preparation**

**September → Official Launch**

**September–June → 10 Paid Subscription Months**

The Parties may modify the specific dates through a written agreement or subscription confirmation.

---

## **ARTICLE IV**

### **SUBSCRIPTION TERMS**

#### **Section 1. Subscription Period**

Should the Client Organization decide to continue using Vouch after the Panaghigalaay pilot, the regular paid subscription shall consist of **ten (10) paid months**.

## **Section 2. Subscription Rate**

The subscription fee shall be:

**₱5.00 per active registered member of FCJESO per month.**

## **Section 3. Active Registered Member**

For purposes of this Agreement, an “**Active Registered Member of FCJESO**” refers to a student who:

1. Is officially recognized as a member of FCJESO;
2. Has an active membership status during the applicable academic period; and
3. Has an active or registered account under the FCJESO organization in Vouch.

Inactive, resigned, removed, graduated, or otherwise non-active members shall not be included in the applicable subscription count, subject to the membership records maintained and verified by FCJESO.

## **Section 4. Subscription Calculation**

The subscription fee shall generally be calculated as:

**Number of Active Registered Members × ₱5.00 × Number of Paid Subscription Months**

For example, if FCJESO has **500 active registered members**:

**500 × ₱5.00 × 10 months = ₱25,000**

## **Section 5. Complimentary July Period**

The Service Provider shall provide the July period as a **complimentary clearance/preparation period**.

No subscription fee shall be charged for this period.

## **Section 6. August Onboarding Period**

August shall be treated as a **non-billed onboarding and preparation period**.

This period shall not be treated as an additional paid subscription month.

## **Section 7. Commencement of Paid Subscription**

The paid subscription shall commence in September unless otherwise agreed in writing.

---

# ARTICLE V

## BENEFITS AND SERVICES PROVIDED TO THE CLIENT ORGANIZATION

During the applicable pilot, complimentary, onboarding, and paid subscription periods, the Client Organization may receive access to Vouch's available features.

### A. Benefits for Organizations/Officers of the Student Organization

#### 1. Digital Attendance

Vouch may provide:

- QR Code attendance;
- Time-in and time-out recording;
- Attendance status;
- Attendance history;
- Attendance verification;
- Event attendance monitoring; and
- Offline attendance scanning where supported.

#### 2. Offline QR Code Attendance

Authorized officers may be able to **scan student QR codes and record attendance even without an active internet connection.**

Attendance information may be temporarily stored on the device and synchronized when connectivity is restored.

This allows organization officers to conduct attendance during events where internet connectivity may be unreliable or unavailable.

#### 3. Event Management

Vouch may provide:

- Event creation;

- Event information;
- Mandatory event designation;
- Event attendance monitoring;
- Event-related information; and
- Event participation records.

## **4. Activity Clearance**

Vouch may facilitate digital activity clearance processes, including:

- Mandatory event compliance;
- Excused absences;
- Sanction compliance;
- Mandatory fee payment;
- Officer verification;
- Organization-level approval;
- Adviser approval where applicable; and
- Clearance status.

## **5. Organization Management**

Vouch may provide:

- Organization profile;
- Member management;
- Officer assignments;
- Organization workspace;
- Organizational information; and
- Role-based access.

## **6. Finance**

Where enabled, Vouch may provide:

- Fee management;
- Fee status;
- Collection monitoring;
- Payment records; and
- Financial summaries.

## **7. Communications**

Vouch may provide:

- Organization announcements;

- Notifications;
- Event updates;
- Organizational highlights; and
- Related communications.

## 8. Offline Organization Information

Previously synchronized organization information may remain accessible while offline, including selected:

- Organization information;
- Organization details;
- Events;
- Announcements; and
- Other supported organization content.

## 9. Offline Announcements

Previously synchronized announcements may remain available for viewing while offline.

New announcements and real-time updates require internet connectivity to retrieve from the server.

---

# ARTICLE VI

## BENEFITS FOR STUDENTS

Vouch provides students with a **Personal Hub** intended for everyday student use.

### A. Home

A centralized personal dashboard for relevant activities and information.

### B. Tasks

Students may create, organize, manage, and track personal tasks and responsibilities.

### C. Schedule

Students may add and manage:

- Class schedules;
- Organization schedules;
- Events;
- Meetings;
- Activities; and
- Other recurring or personal schedules.

## **D. Schedule Notifications and Reminders**

Students may receive notifications and reminders for scheduled activities, subject to feature availability and configuration.

## **E. Calendar**

Students may view important dates, tasks, events, schedules, and activities through a centralized calendar.

## **F. Notifications**

Students may receive relevant:

- Schedule reminders;
- Event notifications;
- Organization announcements;
- System notifications; and
- Other applicable updates.

## **G. Offline Personal Hub**

Selected portions of the Personal Hub may remain accessible without an internet connection.

Depending on previously synchronized information, students may be able to view:

- Home;
- Tasks;
- Calendar;
- Schedule;
- Previously synchronized information; and
- Other supported Personal Hub content.

The Personal Hub is intended to allow students to use Vouch **on a daily basis**, even when they are not participating in an organizational event.

---

# ARTICLE VII

## OFFLINE AND CONNECTIVITY-RESILIENT CAPABILITIES

Vouch is designed to provide selected functionality even when the user's device has **limited or no internet connectivity**.

### Section 1. Offline Attendance

Authorized organization officers may scan QR codes and record attendance while offline.

The application may temporarily store:

- Student account;
- Event;
- Date;
- Time-in;
- Time-out;
- Attendance status; and
- Related attendance information.

When connectivity is restored, the application may synchronize the stored records with the Vouch server.

### Section 2. Offline Personal Hub

Selected previously synchronized Personal Hub information may remain available while offline, including:

- Tasks;
- Calendar;
- Schedule;
- Home information; and
- Other supported information.

### Section 3. Offline Announcements

Previously synchronized announcements may remain available for viewing.

New announcements cannot be retrieved until the device reconnects to the internet.

### Section 4. Offline Organization Information

Previously synchronized organization information may remain accessible, including supported:

- Organization details;
- Events;
- Announcements; and
- Other organization information.

## **Section 5. Synchronization**

Once connectivity is restored, Vouch may automatically or manually synchronize locally stored information depending on the implementation.

The application may display statuses such as:

- **Pending Sync**
- **Synced**
- **Failed to Sync**
- **Requires Attention**

## **Section 6. Offline Limitations**

Offline functionality shall only apply to features specifically designed or configured to work offline.

Functions that may require an internet connection include:

- Retrieving newly published announcements;
- Retrieving newly created events;
- Synchronizing records;
- Server-side account authentication;
- Real-time updates;
- Accessing newly uploaded information;
- Certain administrative actions;
- Certain financial transactions; and
- Other server-dependent functions.

Therefore, **offline capability does not mean that the entire Vouch system operates completely independently of the internet.**

## **Section 7. Data Synchronization**

The Service Provider shall make reasonable efforts to preserve and synchronize locally recorded attendance and other supported offline data.

However, the Service Provider shall not be responsible for data loss caused by circumstances outside its reasonable control, including:

- Device failure;
  - Application deletion;
  - Operating-system failure;
  - Insufficient storage;
  - User-initiated deletion of application data;
  - Damaged devices;
  - Unauthorized modification of application data; or
  - Other circumstances beyond the reasonable control of the Service Provider.
- 

## **ARTICLE VIII**

### **RESPONSIBILITIES OF VOUCH SOFTTECH SERVICES**

The Service Provider agrees to:

1. Provide access to Vouch during the agreed pilot and subscription periods;
2. Configure the Client Organization's account and organization workspace;
3. Provide reasonable orientation and onboarding assistance;
4. Provide reasonable technical support;
5. Address reported software bugs within a reasonable period;
6. Maintain and improve the platform as reasonably practicable;
7. Implement reasonable security measures;
8. Maintain reasonable confidentiality of information;
9. Provide reasonable assistance during the pilot event;
10. Provide updates and improvements when available;
11. Assist authorized users in understanding available features;
12. Provide reasonable assistance regarding application deployment and testing;
13. Provide the complimentary July clearance period;
14. Provide the August onboarding and preparation period; and
15. Make reasonable efforts to maintain the availability and reliability of Vouch.

The Service Provider does not guarantee uninterrupted operation at all times.

---

## **ARTICLE IX**

# **RESPONSIBILITIES OF THE CLIENT ORGANIZATION**

The Client Organization agrees to:

1. Provide accurate and updated organizational information;
  2. Provide accurate member and officer information;
  3. Assign authorized officers and users;
  4. Ensure responsible use of Vouch;
  5. Protect account credentials;
  6. Avoid sharing accounts or login credentials;
  7. Report bugs, errors, and technical issues;
  8. Follow applicable institutional rules and policies;
  9. Ensure organizational decisions entered into Vouch are authorized;
  10. Cooperate during pilot implementation;
  11. Assist with user testing;
  12. Provide reasonable feedback;
  13. Avoid unauthorized access to Vouch;
  14. Maintain accurate membership records;
  15. Provide or authorize verification of active registered member counts;
  16. Comply with subscription terms after paid subscription begins;
  17. Cooperate during August onboarding; and
  18. Assist in preparing members and officers for the September launch.
- 

## **ARTICLE X**

### **ANDROID APPLICATION TESTING AND GOOGLE PLAY PREPARATION**

The Parties acknowledge that the Service Provider intends to make the Vouch mobile application available through Google Play, subject to applicable Google Play requirements and approval procedures.

#### **Section 1. Testing Assistance**

The Client Organization agrees to assist the Service Provider in conducting Android application testing.

The Client Organization shall provide or encourage the participation of **at least twelve (12) Android users/testers**, or such greater number as may be required by applicable Google Play testing requirements at the time of deployment.

## **Section 2. Suggested Testers**

Testers may include:

- Students;
- Organization officers;
- Event volunteers;
- Authorized representatives; and
- Other qualified Android users.

## **Section 3. Testing Activities**

Testers may be asked to:

1. Install the designated Vouch testing application;
2. Use the application during the testing period;
3. Test relevant functions;
4. Report bugs;
5. Provide usability feedback;
6. Test attendance scanning;
7. Test the Personal Hub;
8. Test organization workspace functionality; and
9. Participate in other reasonable testing activities.

## **Section 4. Google Play Approval**

Testing participation does **not guarantee approval or publication on Google Play**.

Final approval, testing requirements, review procedures, and publication decisions remain subject to applicable Google Play policies and decisions.

---

# **ARTICLE XI**

## **CUSTOMER SUPPORT**

The official community-based customer support channel for Vouch shall be:

# Vouch Community

The Vouch Community may serve as the primary channel for:

- Technical concerns;
- Bug reports;
- System questions;
- Feature assistance;
- User guidance;
- Testing coordination;
- System announcements;
- Service updates; and
- General Vouch-related support.

**Official Vouch Community Facebook Group:**

---

Users shall not post sensitive personal information, passwords, authentication credentials, confidential documents, or other private information publicly within the Vouch Community.

---

## ARTICLE XII

### ATTENDANCE AND ORGANIZATIONAL RECORDS

Vouch may allow authorized organization officers to record and manage attendance.

Attendance records may include:

- Student name;
- Student identification information;
- Event;
- Date;
- Time-in;
- Time-out;
- Attendance status;
- Officer who recorded the attendance;
- Verification information; and
- Related compliance information.

The Client Organization acknowledges that the accuracy of organizational records depends partly on the actions of its authorized users.

The Service Provider shall not be responsible for intentionally or unintentionally inaccurate information entered by authorized users.

---

## ARTICLE XIII

### ACTIVITY CLEARANCE

Where enabled, Vouch may facilitate the Client Organization's activity clearance process.

Activity clearance may involve requirements such as:

- Attendance at mandatory events;
- Excused absences;
- Sanction compliance;
- Mandatory fee payment;
- Officer verification;
- Organization-level approval;
- Adviser approval, where applicable; and
- Other requirements established by the Client Organization.

Vouch serves as a digital platform for recording and facilitating these requirements.

**Final approval or denial of a student's clearance remains the responsibility of the authorized organization or institutional personnel.**

---

## ARTICLE XIV

### ORGANIZATIONAL FEES AND COLLECTIONS

Where enabled, Vouch may provide features for recording organizational fees and collections.

The Client Organization shall be responsible for:

- Setting applicable fees;

- Determining who is required to pay;
- Recording or verifying payment information;
- Resolving payment disputes; and
- Ensuring compliance with applicable institutional financial policies.

Vouch SoftTech Services shall not be responsible for:

- Misappropriation of funds;
- Incorrect amounts entered by users;
- Unverified payments;
- Cash-handling practices;
- Financial disputes between students and organizations; or
- Unauthorized financial decisions made by organization officers.

Unless separately agreed, Vouch is a **record-management platform** and not a bank, payment institution, or financial custodian.

---

## ARTICLE XV

### USER ACCOUNTS AND ACCESS

The Client Organization shall designate authorized officers and users.

Users are responsible for:

- Keeping credentials confidential;
- Using only assigned accounts;
- Not sharing credentials;
- Reporting suspicious activity; and
- Following assigned permissions.

The Service Provider may suspend an account when reasonably necessary due to:

- Security concerns;
  - Unauthorized access;
  - Abuse;
  - Fraud;
  - Violation of this Agreement; or
  - Violation of applicable policies.
-

# ARTICLE XVI

## DATA OWNERSHIP AND DATA PROTECTION

Information submitted by the Client Organization and its authorized users shall remain subject to the applicable rights and obligations of the Client Organization, its users, and the institution with which the organization is affiliated.

Vouch SoftTech Services shall process information for legitimate purposes related to operating, maintaining, securing, and improving Vouch, subject to applicable agreements and policies.

The Parties agree to observe applicable data protection and privacy requirements, including, where applicable, the **Philippine Data Privacy Act of 2012 (Republic Act No. 10173)** and its implementing rules and regulations.

The Service Provider shall maintain reasonable technical and organizational safeguards appropriate to the nature of information processed.

---

# ARTICLE XVII

## CONFIDENTIALITY

Both Parties agree to maintain the confidentiality of non-public information obtained through the implementation of this Agreement.

Confidential information may include:

- Organizational records;
- User information;
- Internal organizational documents;
- System credentials;
- Technical information;
- Non-public financial information; and
- Other information reasonably understood to be confidential.

Confidential information shall not be disclosed to unauthorized third parties except:

1. With authorization;
2. Where necessary to provide the service;
3. Where required by law; or

4. Where disclosure is otherwise legally permitted.
- 

## **ARTICLE XVIII**

### **LIMITATIONS OF RESPONSIBILITY**

Vouch SoftTech Services shall not be responsible for circumstances beyond its reasonable control, including:

1. Internet service interruptions;
2. Mobile network failures;
3. Device damage or malfunction;
4. Power interruptions;
5. Third-party service outages;
6. Google Play or Apple App Store review or approval decisions;
7. Incorrect information entered by users;
8. Unauthorized actions performed using a user's valid credentials;
9. Organizational policy decisions;
10. Disciplinary decisions;
11. Election outcomes;
12. Financial disputes between students and organizations;
13. Fraud committed by organization members or officers;
14. Loss caused by failure to maintain account credentials securely; or
15. Other circumstances outside the reasonable control of the Service Provider.

The Service Provider shall nevertheless make reasonable efforts to assist the Client Organization in resolving technical problems attributable to Vouch.

---

## **ARTICLE XIX**

### **SYSTEM AVAILABILITY AND MAINTENANCE**

The Service Provider shall make reasonable efforts to keep Vouch operational.

Temporary service interruptions may occur due to:

- Scheduled maintenance;

- Emergency maintenance;
- Software updates;
- Security improvements;
- Infrastructure issues;
- Internet connectivity problems;
- Third-party service outages; or
- Other technical circumstances.

The Service Provider may temporarily restrict access when necessary to maintain system security, stability, or integrity.

---

# ARTICLE XX

## INTELLECTUAL PROPERTY

Vouch, including its:

- Software;
- Source code;
- User interface;
- Design;
- Branding;
- Logos;
- Graphics;
- Documentation;
- System architecture;
- Database structures; and
- Related technology

shall remain the intellectual property of Vouch SoftTech Services or its respective licensors, unless otherwise agreed in writing.

The Client Organization receives a limited right to use Vouch during the applicable pilot, complimentary, onboarding, and subscription periods.

Nothing in this Agreement transfers ownership of the Vouch software or intellectual property to the Client Organization.

The Client Organization shall not:

- Copy the software;

- Redistribute the software;
  - Reverse engineer the software;
  - Circumvent security controls;
  - Attempt unauthorized access;
  - Reproduce proprietary system components; or
  - Use Vouch's intellectual property outside the agreed purpose.
- 

## **ARTICLE XXI**

### **USER-GENERATED CONTENT**

The Client Organization and its users may upload or create content through Vouch, including:

- Event information;
- Announcements;
- Images;
- Organization highlights;
- Excuse request attachments; and
- Other organizational content.

The Client Organization and its users are responsible for ensuring that submitted content is:

- Accurate;
- Lawful;
- Appropriate;
- Authorized for use; and
- Not infringing on the rights of others.

Users shall not upload malicious, illegal, fraudulent, abusive, or unauthorized content.

---

## **ARTICLE XXII**

### **SECURITY AND AUDIT RECORDS**

Vouch may maintain system logs for security, troubleshooting, accountability, and auditing purposes.

These may include records of:

- Login activity;
- Attendance actions;
- Changes to organizational records;
- Payment-related actions;
- Clearance actions;
- Account management;
- Role assignments; and
- Other relevant system activities.

Such records may be used to investigate security incidents, disputes, or suspected misuse.

---

# ARTICLE XXIII

## PILOT AND SUBSCRIPTION TERMINATION

### Section 1. Pilot

The Client Organization may decide not to continue using Vouch after the Panaghigalaay pilot event without entering into the paid subscription.

### Section 2. Subscription

After subscription begins, either Party may request termination subject to any applicable written subscription terms or notice requirements agreed upon by the Parties.

### Section 3. Immediate Suspension

The Service Provider may temporarily suspend access where reasonably necessary due to:

- Security threats;
  - Unauthorized system access;
  - Abuse;
  - Fraud;
  - Serious violation of this Agreement; or
  - Other circumstances requiring immediate action to protect the system or users.
-

# ARTICLE XXIV

## DATA AFTER TERMINATION

Upon termination, the Client Organization may request reasonable access to or export of its organizational data, subject to technical feasibility, applicable data protection requirements, and the Service Provider's data retention policies.

Following applicable retention periods, data may be deleted or anonymized in accordance with the Service Provider's policies and legal obligations.

Certain records may be retained when required for:

- Legal compliance;
  - Security;
  - Fraud prevention;
  - Financial or accounting requirements;
  - Dispute resolution; or
  - Legitimate technical and administrative purposes.
- 

# ARTICLE XXV

## CHANGES TO VOUCH

The Service Provider may modify, improve, replace, or discontinue individual features of Vouch when reasonably necessary.

Where practical, significant changes affecting the Client Organization shall be communicated through appropriate support or communication channels.

Changes may include:

- New features;
  - Security improvements;
  - Interface changes;
  - Performance improvements;
  - Removal of obsolete functionality; and
  - Technical infrastructure changes.
-

# ARTICLE XXVI

## SUPPORT AND SERVICE BOUNDARIES

The Service Provider's technical support covers reasonable assistance with the Vouch platform.

Support does not automatically include:

- Repair of personal devices;
- Internet troubleshooting;
- Mobile carrier support;
- Hardware replacement;
- Third-party application support;
- Organization policy decisions;
- Financial decisions; or
- Institutional disciplinary decisions.

Any additional services outside the agreed scope may be subject to a separate written agreement.

---

# ARTICLE XXVII

## NON-EXCLUSIVITY

This Agreement does not prevent Vouch SoftTech Services from providing Vouch or other software services to other organizations, institutions, or users, unless otherwise agreed in writing.

---

# ARTICLE XXVIII

## NO EMPLOYMENT OR PARTNERSHIP

Nothing in this Agreement shall be interpreted as creating an employment relationship, partnership, joint venture, or agency relationship between Vouch SoftTech Services and FCJESO.

The Parties remain independent entities for the purposes of this Agreement.

---

## **ARTICLE XXIX**

### **MODIFICATION OF AGREEMENT**

Any amendment or modification to this Agreement shall be made in writing and acknowledged by both Parties.

Additional features, pricing arrangements, service levels, or other terms may be documented through an addendum or separate written agreement.

---

## **ARTICLE XXX**

### **DISPUTE RESOLUTION**

The Parties agree to first attempt to resolve any disagreement through good-faith communication and consultation.

The Parties shall attempt to resolve concerns through their respective representatives before pursuing other remedies available under applicable law.

---

## **ARTICLE XXXI**

### **GOVERNING LAW**

This Agreement shall be interpreted in accordance with the applicable laws and regulations of the **Republic of the Philippines**.

---

# ARTICLE XXXII

## EFFECTIVITY

This Agreement shall take effect upon signing by the authorized representatives of both Parties.

The pilot portion shall remain effective for the duration of the Panaghigalaay pilot implementation and evaluation.

If FCJESO elects to continue using Vouch, the July complimentary period, August onboarding period, and September paid subscription shall proceed according to the implementation schedule agreed upon by the Parties.

---

# ARTICLE XXXIII

## ENTIRE AGREEMENT

This Agreement constitutes the understanding between the Parties concerning the pilot implementation, onboarding, complimentary period, and subscription of Vouch.

Any previous discussions or communications concerning the pilot or subscription shall be considered incorporated only to the extent that they are consistent with this Agreement.

---

# ARTICLE XXXIV

## ACKNOWLEDGMENT AND ACCEPTANCE

By signing this Agreement, both Parties acknowledge that they:

1. Have read and understood the provisions of this Agreement;
2. Have had the opportunity to raise questions regarding its provisions;
3. Agree to participate in the Vouch pilot implementation;
4. Understand that the pilot is limited to the Panaghigalaay event;
5. Understand that continued subscription is optional after the pilot;

6. Understand the subscription rate of **₱5.00 per active registered member of FCJESO per month**;
  7. Understand that the regular subscription consists of **ten (10) paid months**;
  8. Understand that **July is provided as a complimentary clearance/preparation period**;
  9. Understand that **August is a non-billed onboarding and preparation period**;
  10. Understand that the regular implementation is targeted to begin in **September**;
  11. Understand that the ten paid months are intended to run from **September through June**;
  12. Agree to reasonably cooperate with Android application testing;
  13. Understand that Google Play approval is not guaranteed;
  14. Agree to use Vouch responsibly;
  15. Understand that the Personal Hub is intended for students' everyday use;
  16. Understand that selected Vouch features may remain accessible offline;
  17. Understand that offline QR attendance may allow authorized organization officers to record attendance without an active internet connection;
  18. Understand that offline records require synchronization when connectivity is restored;
  19. Agree to provide accurate membership information for subscription purposes; and
  20. Agree to comply with the applicable provisions of this Agreement.

| <b>Onboarding Period</b>    | August                              | No regular subscription charge | Preparation and testing               |                                                                        |

## Important Clarification

The **August onboarding period is not a third billing category** and does not add another subscription fee. It is a preparation period provided as part of the implementation arrangement.

## ANNEX B

# COMMERCIAL TERMS

## Subscription Rate

**₱5.00 per active registered member of FCJESO per month**

## Paid Subscription

**10 months**

## Complimentary Period

**July — ₱0.00**

## Onboarding Period

**August — no regular subscription billing**

## Regular Launch

**September**

## Paid Subscription Schedule

**September through June**

## Example

If FCJESO has **500 active registered members**:

$$500 \times \text{₱}5 \times 10 \text{ months} = \text{₱}25,000$$

| Period                    | Charge                  |
|---------------------------|-------------------------|
| July complimentary period | ₱0                      |
| August onboarding         | ₱0 regular subscription |

|                                |                |
|--------------------------------|----------------|
| September                      | ₱2,500         |
| October                        | ₱2,500         |
| November                       | ₱2,500         |
| December                       | ₱2,500         |
| January                        | ₱2,500         |
| February                       | ₱2,500         |
| March                          | ₱2,500         |
| April                          | ₱2,500         |
| May                            | ₱2,500         |
| June                           | ₱2,500         |
| <b>Total paid subscription</b> | <b>₱25,000</b> |

The example assumes 500 active registered members throughout the ten paid months.

---

## ANNEX C

## **JULY COMPLIMENTARY CLEARANCE PERIOD**

The July period shall be provided at **no subscription cost**.

The primary purpose of this period is to allow FCJESO to use Vouch for clearance-related and preparatory activities.

Possible activities include:

- Activity clearance;
- Mandatory event compliance;
- Attendance verification;
- Fee compliance;
- Sanction compliance;
- Excuse requests;
- Officer verification;
- Clearance monitoring; and
- Related organizational processes.

**July Subscription Fee: ₱0.00**

---

## **ANNEX D**

### **AUGUST ONBOARDING AND PREPARATION**

August shall be designated as the **Onboarding and Preparation Period**.

The Service Provider may assist FCJESO with:

#### **Organization Setup**

- Organization profile;
- Organization structure;
- Organization settings;
- Officer assignments;
- Role configuration.

#### **User Preparation**

- Student registration;
- Account activation;

- Member registration;
- Officer registration;
- User orientation.

## **System Preparation**

- Event setup;
- Fee configuration;
- Activity clearance configuration;
- Announcement preparation;
- Testing of organizational workflows.

## **Training**

The Service Provider may provide reasonable orientation regarding:

- Officer workspaces;
- Student Personal Hub;
- Event management;
- Attendance scanning;
- Offline attendance;
- Activity clearance;
- Excuse requests;
- Sanctions;
- Fees and collections;
- Announcements; and
- Other available Vouch functions.

## **Testing**

August may also be used to:

- Conduct Android testing;
- Identify bugs;
- Collect user feedback;
- Test online attendance scanning;
- Test offline attendance scanning;
- Test Personal Hub functionality;
- Test notifications;
- Test organizational workflows; and
- Prepare the system for the September launch.

**August shall not be counted as one of the ten (10) paid subscription months unless the Parties agree otherwise in writing.**

---

# ANNEX E

## SEPTEMBER OFFICIAL LAUNCH

September shall serve as the target **official launch and regular implementation period** for FCJESO.

During the official launch, the organization may begin regular use of Vouch for:

- Member management;
- Event management;
- Attendance;
- Offline attendance;
- Activity clearance;
- Excuse requests;
- Sanctions;
- Fees;
- Collections;
- Announcements;
- Personal Hub;
- Notifications; and
- Other available functions.

The paid subscription shall begin in September.

---

# ANNEX F

## PERSONAL HUB

Vouch shall provide students with a Personal Hub intended for **everyday student use**.

The Personal Hub may include:

### Home

Centralized overview of relevant personal activities.

## Tasks

Students can manage personal tasks and responsibilities.

## Calendar

Students can view:

- Events;
- Tasks;
- Important dates;
- Organization activities; and
- Other scheduled activities.

## Schedule

Students can add:

- Class schedules;
- Organization schedules;
- Meetings;
- Activities; and
- Recurring schedules.

## Notifications

Students may receive:

- Schedule reminders;
- Event reminders;
- Organization announcements;
- System notifications; and
- Other relevant updates.

## Offline Access

Selected previously synchronized Personal Hub information may remain accessible without an internet connection.

The Personal Hub is intended to ensure that students can find value in Vouch **every day**, not only when an organization conducts an event.

---

# **ANNEX G**

## **PILOT EVENT**

### **Pilot Event**

#### **PANAGHIGALAAY**

### **Trial Scope**

The pilot may include:

- QR attendance;
- Offline QR attendance;
- Time-in and time-out;
- Event management;
- Organization workspace;
- Student Personal Hub;
- Announcements;
- Attendance records;
- Organization member access;
- Officer access;
- Notifications; and
- Other available features.

### **Purpose**

The purpose of the pilot is to allow FCJESO to determine whether Vouch is suitable for continued organizational implementation.

The Client Organization may decide to continue or discontinue the service after the pilot.

---

# **ANNEX H**

## **ANDROID TESTING**

The Client Organization shall assist Vouch SoftTech Services in obtaining at least:

# 12 Android Testers or More

The number may be increased if required by applicable Google Play testing requirements at the time of deployment.

Testers may be asked to:

- Install Vouch;
- Log in;
- Use their Personal Hub;
- View schedules;
- Add tasks;
- View the calendar;
- Receive notifications;
- Access their organization;
- Test event functionality;
- Test online QR attendance;
- Test offline QR attendance;
- Test synchronization after reconnecting to the internet;
- Report bugs; and
- Provide feedback.

Participation in testing does **not guarantee Google Play approval or publication.**

---

## ANNEX I

### CUSTOMER SERVICE

The official community support channel shall be:

## Vouch Community

**Facebook Group:**

---

The community may be used for:

- Customer support;

- Bug reporting;
- User assistance;
- Testing coordination;
- Announcements;
- Updates;
- Feature guidance; and
- General Vouch discussions.

Users should never post passwords, authentication codes, sensitive personal data, or confidential documents in the public community.

---

## ANNEX J

### ACTIVE REGISTERED MEMBERS

The subscription fee shall be based on the number of **Active Registered Members of FCJESO**.

An Active Registered Member must:

1. Be recognized as an FCJESO member;
2. Have active membership status; and
3. Have an active or registered Vouch account associated with FCJESO.

Members who have graduated, resigned, been removed, or otherwise become inactive shall generally not be included in the active membership count.

### Billing Formula

**Active Registered Members × ₱5.00 × 10 Paid Months**

### Example

**500 members × ₱5 × 10 months = ₱25,000**

The final amount shall depend on the actual membership count and billing arrangement agreed upon by the Parties.

---

# ANNEX K

## OFFLINE AND CONNECTIVITY-RESILIENT CAPABILITIES

Vouch is designed to provide selected functionality even when the user's device has **limited or no internet connectivity**.

This capability is intended to support **Organizations/Officers of the Student Organization and Students** during campus activities and other situations where reliable internet connectivity may not always be available.

### A. Offline QR Code Attendance

Authorized **Organizations/Officers of the Student Organization** may scan student QR codes and record attendance even without an active internet connection.

The application may temporarily store attendance records containing:

- Student account;
- Event;
- Date;
- Time-in;
- Time-out;
- Attendance status; and
- Related attendance information.

Once internet connectivity becomes available, the records may be synchronized with the Vouch server.

### B. Offline Personal Hub

Selected previously synchronized Personal Hub information may remain accessible to Students while offline, including:

- Home;
- Tasks;
- Calendar;
- Schedule;
- Previously synchronized information; and
- Other supported Personal Hub content.

### C. Offline Announcements

Previously synchronized announcements may remain available for viewing while offline.

New announcements and real-time updates require internet connectivity.

## **D. Offline Organization Information**

Selected previously synchronized organization information may remain accessible to **Organizations/Officers of the Student Organization**, including:

- Organization details;
- Events;
- Announcements;
- Other supported organization information.

## **E. Synchronization**

When internet connectivity is restored, Vouch may automatically or manually synchronize locally stored information with the server, depending on the implementation.

The application may indicate whether information is:

- **Pending Sync**
- **Synced**
- **Failed to Sync**
- **Requires Attention**

## **F. Offline Limitations**

Offline functionality shall be limited to features specifically designed or configured to operate without an internet connection.

The following may require an active internet connection:

- Retrieving newly published announcements;
- Retrieving newly created events;
- Synchronizing records;
- Server-side account authentication;
- Real-time updates;
- Accessing newly uploaded information;
- Certain administrative actions;
- Certain financial transactions; and
- Other server-dependent functions.

Therefore, offline functionality **does not mean that the entire Vouch system operates completely independently of the internet.**

## **G. Data Synchronization and Accuracy**

The Service Provider shall make reasonable efforts to prevent duplicate records and preserve locally recorded attendance information during synchronization.

Users shall allow the application sufficient time to synchronize offline records after connectivity is restored.

The Service Provider shall not be responsible for data loss resulting from circumstances outside its reasonable control, including:

- Device failure;
  - Application deletion;
  - Operating-system failure;
  - Insufficient device storage;
  - User-initiated deletion of application data;
  - Damaged device;
  - Unauthorized modification of application data; or
  - Other circumstances beyond the reasonable control of the Service Provider.
- 

# **ANNEX L**

## **SUMMARY OF VOUCH BENEFITS**

### **FOR ORGANIZATIONS / OFFICERS OF THE STUDENT ORGANIZATION**

- Member Management
- Organization Workspace
- Officer Management
- Event Management
- QR Code Attendance
- Offline QR Code Attendance
